Schedule of Timings

We need to agree a schedule of timings for the day to ensure that everything proceeds as smoothly as possible and leaves you free to enjoy the experience of your wedding day.

Some timings for parts of the day may not yet be finalised so concentrate at this stage on the things you do know about and in particular the time of the ceremony and the wedding breakfast.

This enables us to work out the best sequence of events to ensure that we are in the right place at the right time and to allow us to determine the time available for photographs. We will refine this schedule over the months prior to your wedding and it can be a useful tool in planning the day.

If you do not already have a schedule of your own that you can submit with this questionnaire please complete the following as best as you can at this stage. Obviously not all items may apply and you can amend or add to this template as necessary to suit the running order of your day.

Please note that any changes to the agreed schedule must be notified to us immediately to avoid confusion on the day.
